HOTEL RESORT SPA

Sustainability Policy 2026

At Powerscourt Hotel, sustainability is a fundamental part of how we operate and how we look to the future. Set within one of Ireland's most inspiring natural landscapes, we recognise our responsibility to protect our environment, support our people and community, and operate our hotel with care, integrity and purpose.

OUR COMMITMENT

Sustainability is not a fixed goal - it is an ongoing journey. Our commitment is to continually do better, embedding responsible practices into every area of the hotel and ensuring sustainability remains a core pillar of our operations.

We believe true luxury is thoughtful and considered, and that meaningful progress is achieved through action, accountability and continuous improvement.

HOW WE DELIVER SUSTAINABLE HOSPITALITY

Integrated Operations

Sustainability underpins decision-making across all departments, from accommodation and dining to events, spa and facilities.

Environmental Responsibility

We actively reduce our environmental footprint through efficient use of energy, water and resources, while protecting the natural beauty of our setting.

Circular Thinking

We minimise waste, reduce single-use materials and prioritise reuse, recycling and responsible disposal wherever possible.

Responsible Sourcing

We support local producers, Irish suppliers and partners who share our commitment to ethical and sustainable practices where possible.

People and Community

We foster an inclusive workplace and contribute positively to the local economy and wider community.

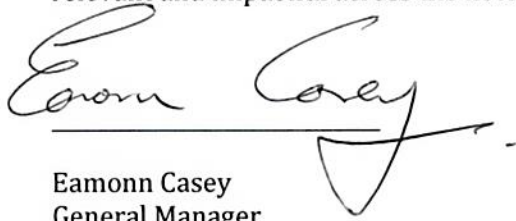

Guest Engagement

We invite our guests to join us on our sustainability journey through thoughtful choices and transparent communication.

LOOKING AHEAD

We acknowledge that sustainability continues to evolve, and so do we.

We review our approach regularly, set measurable goals and adapt our practices in line with emerging best practice. By doing so, we ensure sustainability remains dynamic, relevant and impactful across the hotel.
